

Eggs are Going up Every Week

They were 35c; now they are 40c and before the middle of January they will be 65c per dozen.

Just think, just a few dozen of eggs at 65c per dozen would buy a Lomoco Portable Poultry House that with the proper feed and care will almost insure a good production of eggs all winter long, and next spring it will more than pay for itself as a brooder and setting house.

Chickens are the by-product of the farm. They live on the waste. After your chickens are grown you only feed them about one-third of the year, the balance of the time they forage for themselves, but they continue to produce just the same.

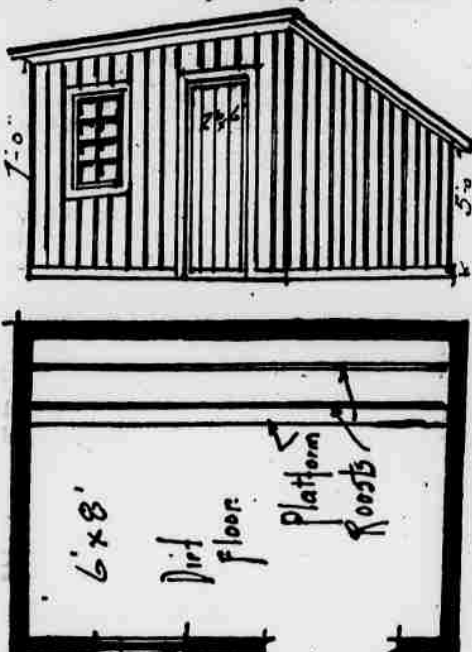

But a chicken without proper house properly ventilated, and at the same time warm, will refuse to lay eggs during the cold weather when the eggs are the highest price. When your chickens should be producing you the biggest profit they are actually eating up the profit they made you during the warmer weather.

You can change the winter months into profitable months for your chicken business if you will use Lomoco Poultry Houses.

We have these houses all ready built.

They are built according to Government specifications and the extra eggs you will save this winter will more than pay for them.

Call at our yard and inspect these modern Poultry Houses.

The Government is asking you to save fuel, feed and to build to protect your stock, feed and implements.

"DIGGING IN"

Passed by the Censor. Copyright 1918.

"Digging in." Next to his rifle the pick and spade are the doughboy's best friends. Trench building goes on all the time as the lines change and money from Liberty Bonds, turned into sandbags, lumber and wire, will follow these diggers up in making the newly captured positions permanent ones.

Near Cantigny a thin line of Americans lay out under a withering fire. It seemed as though every Hun in the line had a machine gun instead of his rifle. The streams of hot metal whizzed but a few inches over the heads as they lay flat, taking advantage of every hole and depression.

They were "digging in." Some were lucky and had shell holes to work from. Others were hugging the flat earth and making their own holes. One chap, however, seemed to be doing nothing.

"Dig in, man, dig in," his Lieutenant yelled at him. "I can't, sir. I've got no tools," was the answer.

"Then go and get some," came back the answer. "I can't, sir. The machine gun drops down on me when I go out there."

Digging in goes on all of the time at the front. The shovel is the doughboy's best friend, next to his rifle, and it probably saves his life often. With every move toward Berlin new trenches must be built and captured German positions turned to face the other way. When the shovels have done their part, wire, sandbags and lumber are brought up from the rear by carrying parties and the trench made permanent.

When the counter-attack comes, it is well built trenches that save lives among our men and enable them to hold the lines with the least loss. As they move forward a continuous stream of building materials must follow the troops, brought by dollars subscribed in this Fourth Loan. Liberty Bonds to the extent of \$100 will buy a shovel, a pickaxe and a spade.

Evangelistic Services; Christian Church.

The evangelistic services that are being held at the Christian Church are gaining power and interest. The platform is arranged to accommodate a large number of singers and the song service is very fine, indeed. A large orchestra is a material help to the services and is enjoyed by all. Mr. Vawter understands thoroughly how to lead and it is interesting to hear the songs sometimes being sung softly and sweetly, other times with power and enthusiasm, sometimes the chorus and the audience are whistling the music. F. R. Brotherton's solos are enjoyed very much. He has a beautiful voice and he understands how to use it.

The evangelist is preaching sermons that are intensely interesting. He presents the Truth in a way that is unique, but in a way that is understood and appreciated by young and old. The subjects of some of his sermons the past week are "The Church the Body of Christ," "The Evangelist discussed the following phases: (1) Every member is a member by birth. (2) Obedience is the test of legitimacy. (3) When working there must be harmony and co-operation. A question that grew out of this sermon, Can a man be saved outside of the church? No, because the church is the body of Christ and if you do not become a member you are a part of the body of sin and all sin is destroyed so if you are not a member of the church you will be damned. Saturday night the subject was "Heaven and Who is Going." "Whosoever doeth the will of my Father." It was found that the will of Christ is that we are to believe that Christ is the Son of God; we are to repent of our sins; we are to confess Him before men; we are to be baptized into Christ. After putting on Christ we must be faithful unto death. Sunday morning Mr. Vawter preached his first sermon on the Communion. The name of the ordinance and the frequency of the ordinance was considered. Next Sunday morning will be the second sermon on the Communion. Sunday evening the crowd was immense—the house was packed. Mr. Vawter preached his sermon on "Why I Love the Old Book." I love the Old Book because (1) it is the most interesting book; (2) it is the album of humanity and contains my photograph; (3) because it contains the most beautiful productions in all literature; (4) the principal reason—in the whole wide, wide world there is not another book that will take away the sting of death when we go across the great divide or when our friends go. "Hell and Who is Going," was considered Monday night. The catalogue of the damned as found in Rev. was read. Those guilty of atrocious sins were named with those who are guilty of not accepting Christ. God loves the decent people so well they are saved from association with the evil ones. Question asked by some "Will the decent man who is not a Christian be damned?" He is decent because of religious training yet he refuses God and becomes a stumbling block to others. If they stand with the gang against Christ and refuse Christ's companionship, they ought to go where the gang is. Tuesday night "The Wedding Sermon." It was shown when the girl has a right to wear the name of the husband and when a man has the right to wear the name of Christ. Wednesday night was High School night and a great crowd of the H. S. pupils occupied the sections reserved for them. The H. S. quartette sang and throughout the services the students were the guests of honor. The personal workers under the direction of Mrs. Mize are doing fine work and a large number of people are being reached for Christ. Next Sunday night's subject "The Devil—Where he came from and what he is doing in Butler." This is a sermon on amusements. There will be no services on Monday night, but services again Tuesday night and all next week. Everybody invited to come and enjoy these services.

HIGH SCHOOL NOTES

The Butler High School opened Monday, September 2, with a larger attendance than ever before. There are 260 pupils enrolled up to the present time.

Seniors, 51.
Juniors, 62.
Sophomores, 73.
Freshmen, 74.
Military training has been adopted in school for the boys and Red Cross work for the girls.

We have chapel every morning this year excepting Tuesday and Thursday when the time is devoted to military training and Red Cross work.

In place of a student assembly the school is going to have a boys' and a girls' civic club. The purpose of these two organizations is to settle any business that might be brought before either organization. Any business pertaining to both clubs will be settled in a joint session, the president of the boys' club acting as president of the assembly and the president of the girls' club as secretary.

Senior Sidelines

"Seniors! Seniors!" That's who we are. We're back again and we're working hard. We elected our officers last week, and now just watch us do wonders!

The officers are: President, Sherman Moore; Vice-President, Wilbert Underwirth; Secretary, Letha Baird; Treasurer, Vernon Johnson; Sergeant-at-arms, Emerson Campbell; Yell Leader, Claude McCombs; Reporter, Helen Clark.

Junior Jingles.

Monday, September 2, found sixty juniors ready for another year's work in old B. H. S. We missed Miss Rice, our former pal and section room teacher, but soon found ourselves fortunate in having Miss Pearley with us. She is all we could ask for a Junior's pal and teacher. Wednesday J. C. Garrett enrolled, making our number sixty-one.

Last Monday the following officers were elected: President, Willina Moore; Vice-President and Yell Leader, Wendall Hulse; Treasurer, Dorothy Cannon; Secretary, Mildred Ream; Reporter, Lola Simpson; Dow Chenaworth and Hershel Hupp have the honor of being the first Junior senators.

Sophomore Notes.

This year's Sophomore class is one of the biggest in the history of B. H. S. There are seventy-three enrolled.

We elected officers last Tuesday. They are: President, Arnold Smith; Vice-President, Milo Wilcox; Treasurer, Pauline Crutsinger; Secretary, Edna Krinn.

We have played four games of base ball, losing only one. We have very good teams and hope to keep ahead both in base ball and basket ball.

We are very much interested in our studies and are going to make this a record breaking year for the class, watch us!

Freshmen Notes.

The Freshmen elected the following officers: President, Stuart Campbell; Vice-President, Lester Barron; Secretary, Madge Ray; Treasurer, Christine Warren.

We chose for our colors green and white. We have begun work at base ball.

The Freshmen opened the season of festivities Monday evening with a picnic. We loaded on two hay frames and went to the "Water Works" where we toasted marshmallows around a big fire and went boat riding. At 10:30 we were on our way through town and around the square, startling all with our yells.

A BIT OF ADVICE

First—Don't Delay. Second—Don't Experiment.

If you suffer from backache; headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Butler residents desire more convincing proof of their effectiveness than the statement of a Butler citizen who has used them and willingly testifies to their worth?

W. H. Holloway, 213 S. Broadway, says: "I have used Doan's Kidney Pills at different times for several years and they have never failed to correct any disorder I have had and have kept my kidneys in good condition. I gladly recommend Doan's Kidney Pills for they certainly are a good reliable medicine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Holloway had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 50-21

Yard Full of Slackers?

Washington, Sept. 20.—The great Hog Island shipyard at Philadelphia will do well to accomplish half the program of ship production set for this year, Charles Piez, vice-president of the Emergency Fleet Corporation, told the Senate commerce committee today.

Mr. Piez's statement was made in connection with inquiries by committee members concerning charges that thousands of draft evaders have been given jobs at Hog Island. Piez gave the committee all the facts he has on this question. He said it will be corrected by the fleet corporation and the draft authorities. The committee therefore, dropped its plans to investigate formally.

According to charges laid before committee members, thousands of the sixty thousand employees of the yard who are exempted are ball players, actors, barbers, pugilists and ones who worked in non-essential industries.

GROCERY DEPARTMENT

Our grocery department never was as complete as it is today, and we are in a position to make prices better than others because of the quantities we buy in. Having bought all our goods on lower markets than today. If you will investigate our prices you will see our retail price is in many cases cheaper than today's wholesale price.

FORDSON TRACTORS

On display in our show rooms for a few days. When in town, call at the Public Garage and look it over.

THE GREATEST PIECE OF FARM MACHINERY EVER PRODUCED.

Give us your order for a FORDSON. It will help win the war.

If it is for a Ford we have it. If it's FORD work, we do it. Re-boring Cylinder, Refitting Motors, Rebuilding old cars into 1918 Models, Mending Radiators, Vulcanizing, Casings half soled, Welding, Batteries rebuilt and recharged.

USED AND REBUILT FORDS FOR SALE

WE HAVE ON HANDS NOW

One nearly new Sedan with Self Starter.

One nearly new Sedan.

And several 1917 and 1918 Five Passenger Fords.

Some nearly new and some rebuilt that we guarantee to be mechanically perfect. Will give the same service on these we do on any New Car.

Now is the time to buy your FORD for in a short time the production of Touring Cars will be cut OUT. Then look out for there will be some scramble for USED CARS.

MISSOURI DRANK JUST 1,277,514,588 BEERS LAST YEAR

Product of 1917, Worth \$70,000,000 to Retailers, Was Less Than That of 1916.

Missourians and strangers within the gates consumed 1,277,514,588 ordinary glasses of beer last year, according to estimates of the State Labor Bureau at Jefferson City. This estimate is based upon an output for the year of 400,450,549 gallons.

A considerable quantity of beer was sold over the counters in bottles, so in estimating the returns to the retailers from the number of glasses of beer sold at 5 cents a glass to be \$63,875,720, the observation is made that the year's returns of the dram-shop keepers must have been approximately \$70,000,000 from the sale of beer alone.

St. Louis breweries manufactured beer valued at \$27,454,943, and the rest of the state \$6,888,330 worth. In barrels, the total output of Missouri was 3,434,174. The value of grain used by brewers was \$7,062,000.

The value of the output of the forty-two breweries in the state was not so great in 1917 as in 1916. The total for 1917 was \$34,343,275, and for 1916 was \$35,330,911. The direct capital invested in the breweries is placed at \$67,000,000 in round numbers. This includes all the breweries of the state in 1917.

The department places the number of persons employed by the breweries at 6,469, exclusive of agents, wholesalers and retailers. Their wages are placed at \$6,469,000. Miscellaneous expenditures by the breweries are put at \$6,164,000, and taxes, rents, insurance, at \$6,900,000. The government collected from Missouri breweries last year \$5,142,852, including the excise tax on capacity of each plant.

Cornland.

Preaching services were held at the school house Sunday after which a Red Cross unit was organized with Miss Sylvia Vaughn as leader.

Pres Dark is in Kansas City. Mrs. Lucy Fox returned home Wednesday after visiting her sister at Mankato, Kansas.

P. I. Turner and family attended a family reunion at the home of his cousin, John Rhea, west of Drexel, Sunday.

Miss Gladys Carnie and her guests, Margaret Ross and Edith Wilson and Sylvia Vaughn went picnicking at the cut-off Thursday.

Rhea and Lawrence Turner and their sister attended a birthday party at Amoret Saturday night.

Holloway's and Garard's were out from Butler and spent Sunday afternoon at Carnie's.

Miss Opal and Naomi Floyd came up from Fair View with Edith Soderstrom Friday evening and visited Sylvia Vaughn until Sunday.

Mrs. P. I. Turner and son, Cyrus, and daughter, Beth, and Sylvia Vaughn went to Metz Friday and ate birthday dinner with Mrs. F. C. Sarius.

Miss Margaret Ross returned to her home in Kansas City Friday after visiting at the Carnie home.

Country Happenings.

Mrs. Lawson called on her daughter, Mrs. A. L. Gilmore, Tuesday afternoon.

Fenton West, who is in camp at Jefferson Barracks, spent a few days last week with relatives.

Tom Chitwood left last week for Nebraska.

Mrs. and Mrs. Geo. Sargent and daughter, Thelma, called at the Dan Russell home Sunday afternoon.

Wm. Weaver and wife came to
